

INSTRUCTIONS: In accordance with section 4.2 of the Program Guidelines, applicants must provide evidence of authority to a legal right to access the land on which the grant activities/clean energy project will be undertaken; and the support from relevant Traditional Owners to undertake the grant activities/clean energy project, on the land specified in your application.

The evidence of authority for access and use must be provided by the land owner.

The land owner may use this letter/declaration template to provide their authority.

You (the applicant) can submit the completed and signed declaration in the portal with your application.

For multiple project site locations, please ensure authority is provided for **all** nominated sites.

If you choose to use your own letter/declaration template please ensure you include all the information below.

Authority to undertake project at the nominated site location/s

This letter declares/confirms that I have the authority to grant permission for [applicant name and ABN] to access the land on which the proposed clean energy project, as outlined in the First Nations Clean Energy Project funding application, will be undertaken.

I confirm my support for [applicant name and ABN] to undertake activities necessary to progress their clean energy project and that the decision to support the clean energy project was considered in accordance with our governance framework.

My authority is derived from [xxxxx] legislation, or from my role as a representative of the land associated with the nominated site(s).

Project Site location address	
Plan / Lot number	
Are there any outstanding matters or conditions relevant to providing your authority for use of the land or infrastructure?	Yes / No <i>If yes please describe</i>
