Methane Emissions Reduction in Livestock: Research Grants

Version: April 2021

This document shows the questions included in the online application form for this /grant opportunity. It will help you prepare your responses and the mandatory attachments you need before you apply online.

Instructions

The online form captures the information required by the department to assess and manage your application for services and funding.

The first page of the application page contains the following instructions.

Completing your application

The application consists of separate pages as shown in the navigation menu on the left hand side of the portal page. You can navigate between pages using the menu or the buttons at the bottom of each page.

You must use the Save and Continue button to validate the information on each page. If you use the menu to navigate between pages, you will be prompted on the final page to go back and validate all of the information you have entered. A green tick indicates a validated page.

A red asterisk * indicates a mandatory question. A warning message may appear if you have not completed all of the mandatory questions or if there is an issue with information you have entered.

You can save your changes at any time by using the Save button. To prevent you losing your work you should save often. The portal will time out after 30 minutes if you do not save. Typing or moving your mouse does not reset the time out.

Participants

You may invite others to assist in completing your application via the application summary page. To do this:

- Select the Participants button
- Enter the details

An email will be sent to the participant inviting them to assist with your application.

Submitting your application

You must complete every page of the application before you can submit.

You must also read and agree to the declaration which advises you of your responsibilities.

Check all your answers before you submit your application. After you submit, it will no longer be editable.

Internet browsers supported by the portal

We recommend that you use the following browsers for optimum functionality:

- On Windows: The latest versions of Mozilla Firefox and Google Chrome
- On Mac: The latest versions of Safari and Google Chrome

G. Assessment criteria

We will assess your application based on the weighting given to each criterion and against the indicators listed beneath each criterion. We will only consider funding applications that score at least 50% per cent against each criterion as these represent best value for money.

The amount of detail and supporting evidence you provide should be commensurate with the project size, complexity and grant amount requested. You should define, quantify and provide evidence to support your answers.

To support your responses you must include mandatory attachments later in the application.

G.1. Assessment criterion 1 (30 points)

Your response is limited to 5000 characters including spaces and does not support formatting.

The extent that your project will contribute data on livestock emissions reduction and productivity outcomes by conducting trials on low emissions feed technologies.

You should demonstrate this by identifying

- how your project will generate data to support livestock emission reduction and productivity outcome calculations when using low emissions feed technologies
- the applicability of your research to calculating livestock emission reductions and productivity outcomes across a range of environments and/or production systems
- the extent that your project complements, builds on and does not duplicate existing or planned research
- how you will make your data available to support a new emissions accounting framework for livestock.

G.2. Assessment criterion 2 (30 points)

Your response is limited to 5000 characters including spaces and does not support formatting.

The extent that your project will engage livestock producers and service providers to develop understanding and increase experience with low emissions feed technologies.

You should demonstrate this by identifying

- how livestock producers or service providers will participate in your data collection
- how your project will demonstrate the benefits of using low emissions feed technologies, including ease of use and cost-effectiveness, and support their uptake
- how you will communicate trial findings and engage with industry to encourage adoption of new feed technologies.

G.3. Assessment criterion 3 (20 points)

Your response is limited to 5000 characters including spaces and does not support formatting.

Capacity, capability and resources to deliver the project.

You should demonstrate this by identifying

- your project team's knowledge, skills and access to resources to effectively manage your project, including your access to personnel with relevant skills and experience
- your project plan, including your plan to:
 - manage the project including scope, implementation methodology and timeframes
 - mitigate delivery risks
 - secure required regulatory or other approvals
- your communications plan, including your plan to publish and disseminate information to producers and other industry stakeholders
- how you will measure the success of your project.

You must attach a project plan, communication plan and a detailed project budget to support your response later in the application.

G.4. Assessment criterion 4 (20 points)

Your response is limited to 5000 characters including spaces and does not support formatting.

Impact of grant funding (20 points).

- the quantum of co-investment (cash or in-kind contributions from your entity, other levels of government or project partners)
- how the grant will impact your project scope
- the likelihood your project would not proceed without the grant
- any additional investment the grant will leverage and explain how this benefits your project.

H. Project partners

You must provide details about your project partners.

For details about project partner contributions refer to the grant opportunity guidelines.

You must provide

- Australian Business Number (ABN) where relevant
- Other registration number where applicable
- Business address
- Postal address
- Contact details
- Details of contribution to the project
- Project partner letter of support attached
