A. Program selection

Before you start your application, we need to first identify what type of entity is applying.

Some programs we offer allow entities without an ABN to apply. The form is designed to accommodate these entities. However for this grant opportunity, an ABN is mandatory. If you do not have an ABN this grant opportunity will not appear in the program selection at the bottom of the first page and you will not be able to continue.

If you are a trustee applying on behalf of a trust we will need details of both the trust and trustee.

Before you start you should have the following details ready if they are applicable to you.

- Australian Business Number (ABN)
- Indigenous Corporation Number
- Australian Registered Body Number
- Australian Registered Scheme Number
- Incorporated Association Registration
- Co-operative Registration Number
- Not for profit status

Where applicable, international organisations will need to provide

A.1. Program selection

You must select from a drop-down menu the program that you are applying for. If you have been provided with an Invitation code, you will be able to enter it here which will select the program for you.

- Field 1 select - Remote Airstrip Upgrade Program – Round 12
- Field 2 select - Remote Airstrip Upgrade Program – Round 12

When you have selected the program, the following text will appear.

The Remote Airstrip Upgrade Program (the program) has run since 2011, and eleven rounds of the program has been undertaken.

Additional funding was allocated to the program as part of the 2024-25 Budget to undertake two additional grant rounds. Successful projects for the first of these rounds (Remote Airstrip Upgrade Program Round 11) were announced October 2025. These guidelines relate to the subsequent grant round (Remote Airstrip Upgrade Program Round 12).

Up to \$25 million is available for this grant opportunity.

The objective of the program is to enhance the safety and accessibility of aerodromes in remote and very remote areas of Australia. Safe, operational aerodromes are vital in the delivery of essential goods and services in remote and very remote communities, particularly where road access is unavailable, unreliable or disrupted for extended periods due to seasonal weather conditions. An effective airstrip, accessible all year round, improves the delivery of health care services such as those provided by the Royal Flying Doctor Service

Remote Airstrip Upgrade Program – Round 12 application requirements

(RFDS) or other aeromedical providers, improves access to work and education opportunities and helps connect residents of remote communities.

The maximum grant amount is \$4 million and the minimum is \$5,000.

You should read the [grant opportunity guidelines](#) and [sample grant agreements](#) before filling out this application. We recommend you keep the guidelines open as you are completing your application so you can refer to them when providing your responses.

You may submit your application at any time up until 5.00pm AEST on the day the applications close. Please take account of time zone differences when submitting your application.

To prevent you losing your work you should save often. The portal will time out after 30 minutes if you do not save. Typing or moving your mouse does not reset the time out.

If more than one participant is working on your application at the same time you cannot save simultaneously. You should coordinate your entries to prevent losing your work.
